

RefectoCil Eye Care Pads

“4 in 1” Pad-Effect, 10 sachets per carton box

Ideal for lash tinting with the extra kick of freshness!

- Intense moisture thanks to hyaluron & highly concentrated aloe vera
- Refreshing through innovative gel-pad technology
- Supports skin smoothing thanks to allantoin
- Protects the eye area during lash & brow styling

Application:

1. Clean and dry the eye area. The skin should be dry and oil-free.
2. Remove the plastic liners.
3. Press pads gently under the eyes with the gel-side down.
4. Continue with Lash Styling service including lash tinting.
5. Gently remove pads after 20-30 minutes.

Tip: For even more intense refreshment, keep your RefectoCil Eye Care Pads in the fridge!

GROUP DATA SHEET
Eye creams/Eye gels
Last modified: 2016-02-08, GWC

1. Identification of the product

Moisturising creams or gels for the sensitive skin around the eyes.

2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EU Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possibly to commercial uses.

3. First aid measures

Measures in the event of

- Contact with eyes: rinse thoroughly with water immediately; if irritation occurs, consult doctor (ophthalmologist).
- Ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label and possibly package insert available.

4. Fire fighting measures

All common extinguishing agents are suitable.

5. Accidental release measures; disposal considerations

In the event of spillage/leakage: mop up main volume with cloths; remove rest with water and common cleaning agent.

Attention: danger of slipping.

Packaging should be recycled after residual emptying. Filled, unused packages must be disposed of separately in accordance with the waste management directives of the municipality.

7. Handling and storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging.

Store in a cool and dry place (not above room temperature).

8. Other information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
