

RefectoCil Eyelash Lifter

Refill for RefectoCil Eyelash Lift

For precise and simple Lash Lifting

The new 'Eyelash Lifter by RefectoCil' is designed to allow easy lifting and a precise separation of lashes during the lash styling service.

This high-quality tool will help professionals to apply lashes to the Lifting Pads when performing lash styling services, its super-fine stainless steel tip is perfect to isolate and place lashes perfectly before applying the lash perm.

The brush can be used before and after the service.

In addition, the Eyelash Lifter is very easy to clean, assuring a high level of hygiene.

Application:

- Remove contact lenses. Clean the eye area with Micellar eye make-up remover and Saline solution.
 - Select the lifting pad size depending on length and desired effect.
 - Apply glue to the back of the lifting pads - allow it to dry. Attach the pad to the eyelid.
 - Apply glue on lifting pad and fix lashes.
 - Apply lashperm – 8 min.
 - Apply neutralizer – 5 min.
 - Tint lashes while they still are on the pad – 2 min.
 - Remove colour and pads with wet cotton.
- Detailed information: see package insert
