## GROUP DATA SHEET EYE PENCIL

*Please never pass on this group data sheet alone but always together with the corresponding general information and the attached list of Poison Control Centres.*

Last modified: 2016-02-16

Corresponding frame formulation (CPNP): 7.18-2013

### 1. Identification of the product

Product mainly consisting of waxes, fats, oils with the admixture of colour agents, colour additives and silicones. The eyeliner pencil is used to outline the eyes.

### 2. Hazards identification

When used properly, the product is safe and tolerable in accordance with the legal provisions (Article 3 of the EC Cosmetics Regulation). The following information applies to inadvertent misuse or accidents as well as possibly to commercial uses.

### 3. Composition (maximum levels)

Oils (e.g. vegetable and/or mineral), waxes and fats (e.g. long-chain alcohols) 70 %; Liquid PARAFFIN and isoparaffin (e.g. branched chain isoparaffin (C11-C16), ISODODECANE, ISOHEXADECANE) 50 %; Colorants, colour additives (e.g. opacifying / pearlescent agents) 50 %; Silicones including volatile silicones (e.g. CYCLOPENTASILOXANE, DIMETHICONE) 50 %; Bulking agents (e.g. TALC) 30 %; Polymers, resins (e.g. nylon) 20 %; Anionic / amphoteric / non-ionic surfactants (e.g. POLYSORBATE 60, PEG-6 SORBITANSTEARATE) 5 %; UV filters 5 %; Additional ingredients (e.g. vitamins, plant extracts, antioxidants) 5 %; Preservatives, antimicrobials 1 %; PARFUM 0.3 %.

### 4. First aid measures

Measures in the event of

– Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult ophthalmologist as a precautionary measure.

– Inadvertent ingestion of larger amounts: do not induce vomiting. Rinse out mouth and drink about one glass of water. Where appropriate, consult Poison Control Centre or doctor.

When consulting a doctor or a Poison Control Centre always have packaging or label and possibly package insert available.

### 5. Fire fighting measures

All common extinguishing agents are suitable.

### 6. Accidental release measures; disposal considerations

Unused products must be disposed of separately in accordance with the waste management directives of the municipality.

### 7. Handling and storage

Observe any instructions for use and/or warnings on the packaging.

Store in a cool and dry place (room temperature).

#### 8. Other information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
